4. BILLING AND PAYMENT

(continued)

4.02 CONTENT OF BILLS: (continued)

(C) The Company may include on the bill for electric service other charges for special services. Special services are those not authorized by tariff or otherwise specifically regulated by the Commission, such as the sale of merchandise, insulation or services performed in connection therewith. Charges for special services shall be designated clearly and separately from charges for electric service. Partial payments shall be applied first to the balance currently due for utility service beginning with the oldest service debt, then to additional utility charges (such as disconnection, reconnection or returned check fees) and then to special charges.

(D) If the Customer is paying under an average payment plan, each bill shall also clearly disclose the difference of the total amount paid to date as compared to the cumulative actual usage, in dollars, to date.

(E) If the Customer is paying an arrearage under the Cold Weather Rule or other payment plan, those monthly amounts shall be printed on the bill and clearly labeled.

4.03 PAYMENT OF BILLS:

(A) A bill for electric service supplied by the Company shall, upon rendition (by mailing or serving), become due and payable in the net amount thereof.

(B) A bill for electric service is considered paid when the full amount due is received by an authorized agent of the Company at the Company's office or designated pay station before the closing hour of such office or pay station. Payments deposited after office hours in a drop box installed at a Company office shall be considered as received upon the date deposited. Payments due on Saturday, Sunday or a legal holiday shall be considered as paid when due if received on the next business day.

(C) Bills for electric service may be paid in cash or check. Additionally residential service customers may also pay by approved credit and debit cards.

(D) The following describe the Company's bill payment methods:

- a. Mail: Payment may be made by mail with a check or money order along with bill stub. The Company may require a returned check charge fee for insufficient funds (KCPL Rule 4.06 (C));
- b. Recurring Payment: Payment may be made automatically each month from customer's bank account through the Company's recurring payment program or may be done by use of approved credit or debit card. The Company may require a returned check charge fee for insufficient funds (KCPL Rule 4.06 (C));
