GENERAL RULES AND REGULATIONS APPLYING TO ELECTRIC SERVICE (continued)

6. CUSTOMER'S SERVICE OBLIGATIONS

6.01 CUSTOMER'S INSTALLATION:

Any and all wiring, appliances, or equipment required to transform, control, regulate, or utilize beyond the point of delivery the electric service supplied by the Company shall be furnished, installed and maintained by, and shall be the sole responsibility of the Customer.

6.02 PROTECTION EQUIPMENT:

Any Customer desiring protection against interruptions, phase failure, phase reversal, voltage variations or other temporary irregularities in electric service shall, at his own expense, furnish on such Customer's installation such protective equipment for such purpose.

6.03 CHOICE AND APPLICATION OF RATE SCHEDULES:

(A) The Customer shall be responsible for determining in advance, through application to the Company, the class or classes of electric service which will be designated by the Company and made available to the Customer and the applicable conditions of such electric service. The Customer shall be responsible for determining whether the Customer's installation, and all portions thereof, are and will be suitable for operation at the voltage, phase and other characteristics of the class of service to be supplied by the Company.

(B) POSTING: The rate schedules of the Company currently in effect and on file with the Commission will be made available by the Company for inspection by any Customer during working hours at the regular business offices of the Company.

(C) CHOICE BY CUSTOMER: If a Customer is eligible to take electric service from the Company under any one of two or more applicable rate schedules available for the class of electric service to be supplied by the Company, the choice of such rate schedule shall lie with the Customer.

6. CUSTOMER'S SERVICE OBLIGATIONS (continued)

6.03 CHOICE AND APPLICATION OF RATE SCHEDULES: (continued)

(D) ASSISTANCE BY COMPANY: A customer will be assisted by the Company in the selection of the rate schedule under which electric service will be supplied to such Customer, based on the information at hand, but the responsibility for the selection of such rate schedule shall lie with the Customer.

(E) CHANGE OF RATE SCHEDULES: After a Customer has selected an applicable rate schedule under which he elects to take electric service from the Company, he will not have the right to change his selection of his applicable rate schedule available for that class of electric service for a period of one year. However, the Company may permit the Customer to terminate his existing service agreement during such one year period and enter into a new service agreement under a different applicable rate schedule available for that class of service if the Customer's electrical requirements prove to be different from those originally estimated or if there is a change in the character or conditions of the Customer's electric requirements and such change is based upon permanent rather than temporary or seasonal conditions.

6.04 STANDARDS AND APPROVALS:

The Customer's installation must conform with all applicable laws, the requirements of all governmental authorities having jurisdiction, the provisions of the National Electrical Code and the National Electrical Safety Code, rules, regulations, standards and reasonable requirements of the Company. All required approvals of the Customer's installation must be obtained by the Customer before the Company shall be obligated to commence or continue supplying electric service to the Customer.

6. CUSTOMER'S SERVICE OBLIGATIONS (continued)

6.05 DANGEROUS OR DISTURBING USES:

The Customer shall use the electric service supplied by the Company with due regard to the effect of such use on the Company's electric service to its other Customers and on the facilities and equipment of the Company. The Company may refuse to supply electric service or may discontinue electric service to a Customer, pursuant to Rule 5 if the Customer's installation is in an unsafe or dangerous condition or is so designed or operated as to disturb the electric service supplied by the Company to other Customers. Under no circumstances shall the Company be required to give notice of service disconnection when dangerous conditions threaten the safety of the Customer or others. Welding machines, large hoists and x-ray machines, primary capacitors, electric furnaces, equipment with excessive starting currents or intermittent or rapidly fluctuating load characteristics which adversely affect load regulation, and any experimental or unusual electric devices are expressly designated as disturbing uses and shall not be connected to the Customer's installation, except upon such prior special arrangements as may be made with the Company. If the Customer's installation of any such equipment requires the installation of separate or additional transformer capacity, the Company shall, upon request of the Customer, furnish and maintain such separate or additional transformer capacity and the Customer shall pay to the Company, in addition to his bill for electric service under the applicable rate schedule, a monthly rental charge therefor as set out in an applicable rate schedule.

6.06 INSPECTIONS AND RECOMMENDATIONS:

The responsibility of the Customer regarding his use of the electric service supplied by the Company is not set aside, and the Company shall in no way be liable, on account of any inspections or recommendations by the Company which are made as a courtesy to the Customer or as a protection to the electric service supplied by the Company to its other Customers. The Company reserves the right, but assumes no duty, to inspect the Customer's installation.

6. CUSTOMER'S SERVICE OBLIGATIONS (continued)

6.07 INCREASING CONNECTED LOAD:

An industrial or commercial Customer shall assume full responsibility for impairing the quality of his service if the Customer's connected load is substantially increased without prior written notice to the Company. Any such Customer may substantially increase his connected load or exceed his total estimated demand therefrom as provided for in his service agreement, only after written request by the Customer and written notice from the Company that the Company's facilities are adequate to supply such increased load requirements of the Customer. For the purpose of this Rule, the term "substantial" shall mean fifteen percent (15%) or more.

6.08 FACILITIES LOCATION:

In the event the initial or subsequent demand of the Customer requires transformer capacity of 75 kva or more, the Customer shall, if required by the Company, provide on his premises necessary space and right-of-way for the installation by the Company of its transformation equipment and other necessary facilities. Such space, if enclosed, shall be adequately ventilated and otherwise acceptable to the Company. The Company shall have the right of full and free ingress to and egress from all of its electric facilities. After any such facilities have been located on the premises of the Customer, the cost of any subsequent change in the location thereof, made at the request of the Customer shall be paid by the Customer, if required by the Company.

6.09 PROTECTION OF COMPANY'S PROPERTY:

The Customer at all times shall protect the property of the Company on the premises of the Customer and shall permit no person other than the employees and agents of the Company and other persons authorized by law to inspect, work on, open or otherwise handle the wires, meters or other facilities of the Company. In case of loss or damage to the property of the Company on account of any carelessness, neglect or misuse by the Customer, any member of his family, or his agents, servants or employees, the Customer shall, at the request of the Company, pay to the Company the cost of any necessary repairs or replacements of such facilities or the value of such facilities.

6. CUSTOMER'S SERVICE OBLIGATIONS (continued)

6.10 TAMPERING WITH COMPANY FACILITIES:

The Company may discontinue service to a customer and remove its facilities from the Customer's premises, pursuant to Rule 5, when evidence is found that any portion of the Company's facilities has been tampered with in such manner that the Customer may have received unauthorized service. In such event, the Company may require the Customer to pay for such amount of electric service as the Company may estimate from available information to have been used, but not registered by the Company's meter, and to increase the amount of his cash deposit or indemnity bond or other credit arrangement in accordance with 3.03(B) before electric service is restored; and, in addition thereto, the Customer shall be required to bear all costs incurred by the Company for such protective equipment as, in the judgment of the Company, may be necessary.

6.11 ATTACHMENTS TO COMPANY'S FACILITIES:

Except upon prior written consent of the Company, no person shall attach anything of any kind or nature to the electric facilities of the Company wherever located and the Company reserves the right to remove forthwith and without notice any unauthorized attachment to its facilities.

6.12 INDEMNITY TO COMPANY:

The Customer shall indemnify, save harmless and defend the Company against all claims, demands, cost or expense, for loss, damage or injury to persons or property, in any manner directly or indirectly connected with, or growing out of the distribution or use of electric service by the Customer at or on the Customer's side of the point of delivery.

6. CUSTOMER'S SERVICE OBLIGATIONS (continued)

6.13 PRORATION OF DEMAND CHARGES:

In the event the Customer's electric load requirements are temporarily curtailed or substantially reduced because of damage to or destruction of the Customer's premises or equipment due to an Act of God or because of a labor strike of the Customer's own employees employed at the premises of the Customer, the Company shall, upon request by the Customer, prorate the demand charges which would otherwise be applicable for the electric service supplied to the Customer during not more than six (6) months of curtailed or reduced load requirements of the Customer.

6.14 PARALLEL OPERATION:

No Customer shall operate or permit operation of electric generating equipment in parallel with electric service supplied by the Company except as may be permitted under the Customer's service agreement.

6.15 CUSTOMER TO FURNISH RIGHT-OF-WAY:

The Customer will provide or procure for the Company such rights-of-way (including permission to trim or remove any trees that may interfere with the operation of the Company's facilities) as are satisfactory to the Company, across property owned or otherwise controlled by the Customer, for the construction, operation and maintenance by the Company of its facilities necessary or incidental to the supplying of such electric service.

6.16 ACCESS TO CUSTOMER PREMISES:

The Customer shall give the duly authorized agents and employees of the Company, when properly identified, full and free access to the premises of the Customer at all reasonable hours for the purpose of constructing, installing, inspecting, adjusting, repairing, maintaining, replacing or removing any of the Company's facilities on the premises of the Customer, reading meters, or for any other purpose incidental to the electric service supplied by the Company.
