GENERAL RULES AND REGULATIONS APPLYING TO ELECTRIC SERVICE (continued)

5. MULTIPLE OCCUPANCY PREMISES

5.03 RESALE AND DISTRIBUTION: Except as provided in Rules 5.05, 5.06 and 5.07 hereof, the Company will not supply electric service to a Customer for resale or redistribution by the Customer.

(a) "Resale" shall mean the furnishing of electric service by a Customer to another person under any arrangement whereby the Customer makes a specific or separate charge for the electric service so furnished, either in whole or in part, and whether the amount of such charge is determined by submetering, remetering, estimating or rebilling as an additional, flat, or excess charge, or otherwise.

(b) "Redistribution" shall mean the furnishing of electric service by the Customer (i) to another building occupied by the Customer and located on the same premises of the Customer but used by the Customer for a separate business enterprise, or (ii) to separate premises occupied by another person, whether or not such premises are owned, leased or controlled by the Customer, without making a specific or separate charge for the electric service so furnished. With respect to any multiple-occupancy premises, the Company will not supply electric service to the owner, lessee, or operator thereof, as the Customer of the Company, and permit redistribution by such Customer to his office or residential tenants therein, except for those premises being supplied such service on the effective date of this schedule. The restriction against "redistribution" may be waived by the Company where the operation of certain types of multiple occupancy premises, either in whole or in part, makes it impractical for the Company, in its judgment, to separately meter and supply electric service to each occupant as a Customer of the Company. Such exceptions may include:

- (i) An operation catering predominantly to transients, such as hotels, motels, and hospitals;
(ii) An operation where the individual dwelling quarters are not equipped with kitchen and bathroom facilities, such as recognized rooming houses, dormitories, old folks' homes, orphanages and eleemosynary institutions;
(iii) An operation of a building used essentially for general office or commercial purposes where the separate premises leased to office or commercial tenants are adjustable and subject to rearrangement or relocation to conform to the needs of the tenants and the Company.

MULTIPLE OCCUPANCY PREMISES

5.03 RESALE AND REDISTRIBUTION: (continued)

deems it would be impractical to rearrange wiring to conform to any such changes;

- (iv) An operation of a transient mobile home court (see Rule 14.02) where electric service is supplied by the Company to the operator, as the Customer of the Company, pursuant to an applicable rule or rate schedule of the Company.

In cases where redistribution is permitted under this Rule 5.03, the Company will supply electric service to the owner, lessee, or operator of such multiple occupancy premises, as the Customer of the Company, under an applicable rate schedule and the Customer may, by redistribution, furnish electric service to his tenants in or on such multiple occupancy premises on a rent inclusion basis; i.e., as an incident of the tenancy and without a specific or separate charge for the electric service so furnished by the Customer to his tenant, or a variable rental on account thereof.

5.04 RENT INCLUSION BY LESSOR: Any lessor of a multiple occupancy premise may, by prior arrangement with the Company, elect to receive, and pay to the Company, the electric service bills of his tenants in such premises whose separate premises therein are individually metered and supplied electric service by the Company, provided that each such tenancy includes electric service on a rent inclusion basis. Under such an arrangement the Company may consider the lessor as the Customer for billing and collection purposes but shall individually meter the separate premises of each such tenant.

5.05 PRESENT RESALE PRACTICES: In those few instances where on January 10, 1966, a Customer was engaged, as the lessor of multiple occupancy premises, in the resale of electric service to his tenants therein, such practice as established by the Customer and in effect on January 10, 1966, shall be permitted to continue; provided that,

- (a) if such electric service to the Customer is terminated at any time for any reason, the Customer, upon reconnection, and the Customer at such multiple occupancy premises shall thereafter charge each tenant therein no more for resale electric service than such tenant would be charged by the Company for electric service if individually metered and supplied by the Company to such tenant's separate premises; and

APPLYING TO ELECTRIC SERVICE (continued)

5. MULTIPLE OCCUPANCY PREMISES (continued) MISSOURI Public Service Commission

5.05 PRESENT RESALE PRACTICES: (continued)

(b) the right to resell electric service, as provided for herein, shall cease with respect to any such multiple occupancy premises if the improvements thereon are substantially destroyed by any means whatsoever.

5.06 PRESENT REDISTRIBUTION PRACTICE: In those few instances where on January 10, 1966, a Customer was engaged, as the lessor of multiple occupancy premises, in the redistribution of electric service to his tenant therein, such practice as established by the Customer and in effect on January 10, 1966, shall be permitted to continue, provided that such redistribution is continued on a rent inclusion basis.

5.07 RENOVATION: Where an apartment building presently receiving electric service for redistribution undergoes renovation to the extent that the cost of such renovation is fifty percent or more of the value of the building, then the building shall no longer be eligible for redistribution.

5.08 WHOLESALE SALES: Nothing in this Rule 5 shall apply to electric service supplied by the Company at wholesale for resale under the provisions of a separate written agreement by the Company with any electric public utility, rural electric cooperative or political subdivision supplying electric service at retail to the public.

6. METERING

6.01 METER INSTALLATION: The Company shall furnish and install its meter without expense to the Customer. The Customer shall provide and at all times maintain, at the place specified by the Company, space for the meter installation. The Customer shall provide the necessary meter mounting facilities (including the meter socket beginning January 1, 1988) in a manner satisfactory to the Company and in full compliance with the provisions of the National Electrical Code and all laws and governmental regulations applicable to the same. The Company shall supply the meter socket for those installations that require a Current Transformer rated meter socket. After the meter installation has been located on the premises of the Customer, any subsequent change in the location thereof, if permitted or required by the Company for safety reasons or inaccessibility, shall be paid by the Customer.
